# MLEARN 2012

## Pre-conference workshop – 15 October 2012

Role play activity of different stakeholders – word clouds created of discussion areas

## Role Play Activity – Educator arguing for the use of mobile devices in education

## **Role Play Activity – Educator arguing against the use of mobile devices in education**

## Role Play Activity – Learner arguing for the use of mobile devices in their education

## Role Play Activity – Parent concerned at the use of mobile devices in their child/children's education

A word cloud on a dark teal background. The word 'creativity' is the largest and most prominent, centered in the middle. Above it, the word 'technology' is written in a smaller font. Below 'creativity', there is a cluster of words including 'environment', 'health', 'mobile', 'century', 'time', 'kill', 'signals', 'damage', 'exams', 'computer', 'cyberbullying', 'complete', 'waste', 'critical', and 'imagination'. The words are arranged in a way that they appear to be floating or falling around the central word 'creativity'.

## Role Play Activity – Mobile network operator supporting the use of mobile devices in education

## Role Play Activity – Views of a policymaker
