

Secure digital identity is now in our hands

A Technology Platform Partner Perspective

Support for Mobile Connect deployments

Dr. Marcus Dormanns
Senior Director Product Management, GSMA
March 3rd 2015

The BIG picture

apigee

API federation for global, cross-operator reach

An option to facilitate Service Provider on-boarding

Operators directly deploying Mobile Connect and providing facilities for Developers/Service Providers to on-board

Operators directly deploying Mobile Connect, but who cannot support Service Provider on-boarding

Operators deploying Mobile Connect via a GSMA managed service partner
