Chief Technology Officer  
GSMA

# Scope of Certification

To be viewed as part of Security Accreditation Scheme Certificate No: ST-TP-UP-0721

**Production Site: STMicroelectronics**

**Site Address: 629 Lorong 4/6 Toa Payoh, Singapore 319521**

This site was audited against the requirements of v8.0 of the SAS-UP Standard and v2.0 of the SAS Consolidated Security Requirements, with the following scope:

<b>Generation of data for personalisation:</b>	Not carried out at this site	<b>Personalisation:</b>	Wafer
<b>Management of PKI certificates:</b>	Not carried out at this site	<b>Post-personalisation packaging:</b>	Not carried out at this site

**Outsourcing:** Production at ST Toa Payoh relies on data transfer and processing systems installed at, and managed by, ST Rousset (audited and certified separately). Cryptographic keys for wafer-level personalisation at ST Toa Payoh are managed by ST Rousset, and their control is not within the scope of ST Toa Payoh.

These activities were outsourced and not subject to review by the auditors

**Notes & Exclusions:** The site does not conduct wafer die packaging operations. Personalised wafers are delivered to a third-party for separation into individual dies and packaging onto reel tape.

These activities were excluded from the scope of the audit

The auditors were provided with appropriate evidence that the processes and controls on the audit dates were consistent with those required by the SAS-UP Standard.
