Security Accreditation
Scheme

Scope of Provisional Certification

To be viewed in conjunction with Security Accreditation Scheme Certificate No: OT-SG-0118

Production Site: Oberthur Technologies U.S

Site Address:

Following audit of this site against the requirements of v2.0 of the GSMA SAS-SM Standard, the auditors are pleased to recommend provisional certification with the following scope:

Subscription Management – Data Preparation:	Within audit scope	Subscription Management – Secure Routing:	Within audit scope
Data Centre Operations and Management	Within audit scope	Subscription Management – Data Preparation+ (ref. SGP.22):	Within audit scope

Outsourcing: These activities were outsourced and not subject to review by the auditors	The Network Operations Centre for this site is outsourced to Tech Mahindra's support facility in Pune India. These outsourced services at the Pune facility have been audited separately and were compliant with the applicable SAS requirements	Exclusions:	None defined
		These activities were excluded from the scope of the audit	

The auditors were provided with appropriate evidence that the processes and controls at the time of provisional certification were consistent with those required by the SAS-SM Standard.
