

Dear members,

GSMA announced at Mobile 360 Asia Pacific the formation of [the Asia Pacific \(APAC\) 5G Industry Community](#); a new ecosystem established for those seeking opportunities to deliver Industry 4.0 and digital transformation from 5G networks, edge-cloud services, enterprise IoT and AI. The Community has been designed for stakeholders across the value chain including government and agencies, industry associations, mobile network providers, enterprises and industry players, solution providers, analysts, and consultants. Read [the press release](#)

Advancing Smart Manufacturing in the 5G era by APAC 5G Industry Community

Start: Thursday 2 December 2021
14:00

End: Thursday 2 December 2021
16:00

Venue: Online (GMT+7)

Register [here](#) to join Manufacturing Interest Group Workshop 'Advancing Smart Manufacturing in the 5G era' on 2 Dec. Topics include:

- Manufacturing Landscape in the 5G era
- Manufacturing Industry Facing the Pros & Cons in the Digital Transformation
- Manufacturer Achieve Operational Excellence with 5G+IoT+AI
- Experience in nurturing manufacturing ecosystem
- Discussion about Advancing Smart Factory with Partnership to Go To Market

GSMA APAC 5G Industry Community spotlight and resources

[Watch back here - APAC 5G Industry Community Summit - A Digital Transformation Partner Ecosystem That Makes Your Business Thrive](#)

- Announcing the formation of the 5G Industry Community Summit, the initiatives and benefits
- Industry session on how 5G apply for manufacturing and healthcare industries on digital transformation in real cases

GSMA Mobile360 Asia Pacific
