

Dear members,

Asia Pacific 5G Industry Community (APAC5GIC) has hosted the first Manufacturing Industry interest group workshop **'Advancing Smart Manufacturing in the 5G era'** where pioneers shared their 5G journey with policy, strategy, business values, use cases and Go-To-Market partnership.

In Thailand, **AIS** presents industrial sector 5G technology to transform nation digitally. In Malaysia, **PROTON** and **Maxis** team up for major 5G use case deployment. In China, **Huawei**, **Haier**, and **China Mobile** announces 5G implementation breakthroughs in the deployment. Read details in the spotlight.

Next, APAC5GIC will run the Logistics, Port & Transportation interest group workshop **'5G transforming Airport and Aviation'**. 5G is opening a new exciting page for the digitization of the aviation industry. From fully autonomous airport operations to more seamless passenger experience, the industry is witnessing how 5G will usher in its future development. Register [here](#) to see what **Hong Kong International Airport**, **Airbus**, **AirAsia**, other aviation and mobile experts have to share about their 5G journey and revolution in the industry!

5G transforming Airport and Aviation

Start: Thursday 13 January 2022
15:00

End: Thursday 13 January 2022
17:00

Venue: Online (GMT+8)

APAC 5G Industry Community spotlight

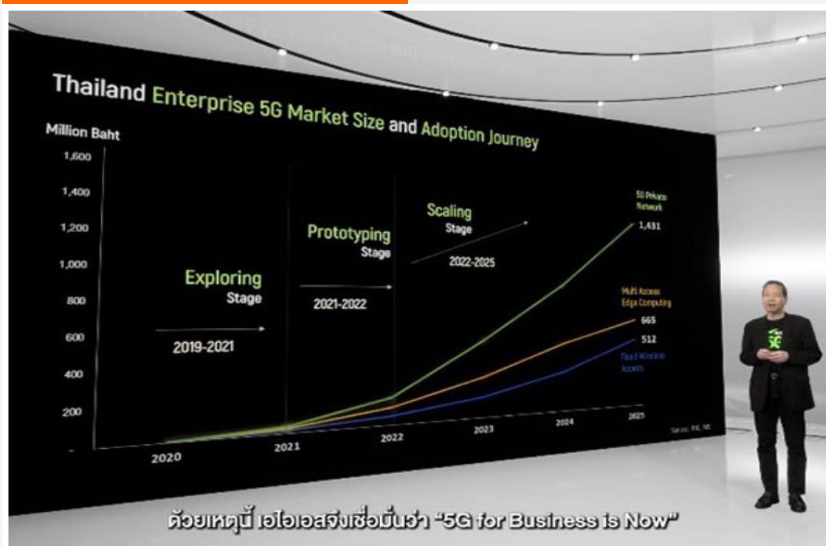

[Watch recording here - Advancing Smart Manufacturing in the 5G era](#)

- Manufacturing Landscape in the 5G era
- Manufacturing Industry Facing the Pros & Cons in the Digital Transformation
- Manufacturer Achieve Operational Excellence with 5G+IoT+AI
- Experience in nurturing manufacturing ecosystem
- Discussion about Advancing Smart Factory with Partnership to Go To Market
