

Dear members,

**Asia Pacific 5G Industry Community (APAC5GIC)** will host the Logistics, Port & Transportation interest group workshop **'Smart Port and Logistics in 5G City'** on 21 April. Register NOW at this [link](#). Topics include:

- Overview of port industry and vision on developing Smart port for regional logistics hub
- Innovative examples from Smart Port pioneer with 5G
- Partners sharing on Smart port and logistics deployment experience and learning

**Start:** Thursday 21 April 2022 15:00

**End:** Thursday 21 April 2022 17:00

**Venue:** Online (GMT+8)

On 17 Mar, GSMA hosted another manufacturing Industry interest group workshop **'Leading Indonesia and AESAN towards Industry 4.0 through Data-Driven Approach'**. The **Ministry of Industry** shared how government support the industries for digital transformation into Industry 4.0. **Telkomsel** and **Schneider Electric** together launched the first commercial 5G factory for advance manufacturing in Batam. **Zebra technologies** highlighted the importance of data intelligence to optimise the supply chain. **Mattel**, **Indolakto** and **Akebono Brake Astra** discussed how they enhance the manufacturing process. Finally, **Huawei** consolidated the best practices of smart manufacturing in China.

MWC Barcelona 2022 were back with over 61,000 convening in-person from almost 200 countries. 5G, IoT, AI and Metaverse were key focuses. The outstanding and innovative winners of GLOMO awards include APAC5GIC contributor members. Read the spotlight session.
