

Dear member,

The Covid-19 pandemic heavily impacts the existing healthcare system and resources, apart from increasing demand on healthcare services. Technology enables digital transformation in healthcare, which is anticipated to grow significantly from \$147 billion in 2019 to \$235 billion in 2023. Register [here](#) to join the **'Connected Healthcare in the 5G era'** with great speakers from Hong Kong Hospital Authority, Chinasoft International, Detecon International, Fujitsu, HealthNow, FPT Software, Huawei and IoTSG.

Connected Healthcare in the 5G Era
Date: Thursday, 2 June 2022
Time: 15:00 – 17:00 GMT+8
Registration link:
<https://bit.ly/ap5gic-health2>

CK Vishwakarma
CEO of AllThingsConnected and Founder of IoTSG

David Liu
GM, Smart Campus Department, Chinasoft International

Christian Maasem
Partner, Detecon International

Huynh Le Duy
Digital Transformation (DX) Garage Manager, AaaS Product Owner, and Business Process Engineering Tribe Lead, FPT Software

Dr Ngai Tseung Cheung
Head of Information Technology & Health Informatics, Hospital Authority

Terence Wong
Market Development Director, Head of APAC 5G Industry & IoT Community, APAC, GSMA

Dr. Chelsea Elizabeth Samson
Chief Business and Medical Affairs Officer, HealthNow

David Mohally
Business Innovation Lab Leader (SPD Lab), Huawei

GSMA Mobile 360 APAC will be hosted physically in Singapore on 2-3 August. There are speaking and showcases opportunities. Welcome to sponsorship for Industry Summit with sessions on Connected Manufacturing, Advance Mobility & Transportation and Digital Healthcare, etc. Please contact me for details.

APAC 5G Industry Community spotlight

Since its formation in Oct 2021, APAC 5G Industry Community grows to an ecosystem with 500+ organization. Recently, [Joint Foreign Chambers of Commerce in Thailand \(JFCCT\)](#) and [European Association for Business and Commerce \(EABC\) Thailand](#) join as ecosystem members and help to promote 5G technology to their members.

We had a fantastic discussion and keynote sessions at the '[Smart Port & Logistics in 5G City](#)'. It is great to realize from this workshop that North Asia, ASEAN and South Asia have digital pioneers supporting port operators on digital transformation, which bring real benefits and solid business values by applying 5G, IoT, robotics, AI, edge-cloud technologies for increasing productivity, cost saving and safety improvement. Watch recording [here](#).

Smart Port & Logistics in the 5G City
Thursday, 21 April 2022
15:00 - 17:00 (GMT+8)
Registration: <https://bit.ly/port-5gcity>

Navachai Kiartkorkuaa
Head of Enterprise Marketing and SME Business Management Section, Advanced Info Service (AIS)

Shamik Mishra
Vice President and CTO Connectivity, Capgemini Engineering

Liu Gang
Deputy General Manager, Government and Enterprise Department, China Mobile

Terence Wong
Market Development Director, Head of APAC 5G Industry & IoT Community, APAC, GSMA

Ziming Hu
Senior Director of 5GtoB, Huawei

Kriengkrai Chaisiriwongsuk
Director General, Port Authority of Thailand (PAT)

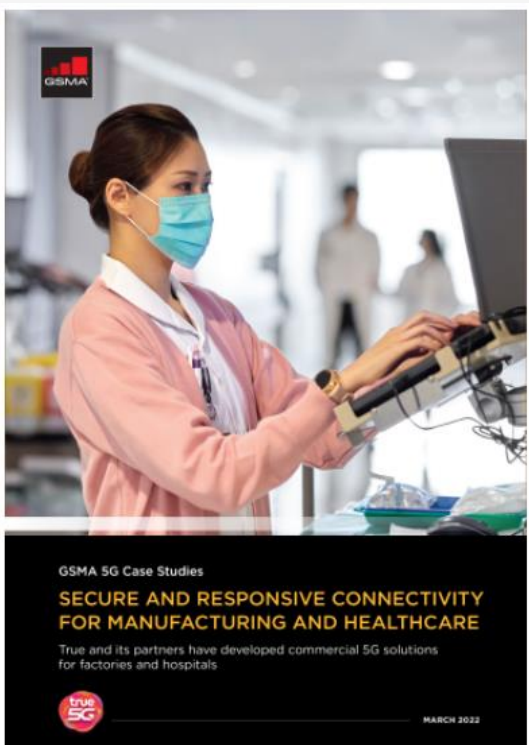

Md Adil Hossain (Noble)
Chief Enterprise Business Officer, Robi Axiata Limited

Dr. Prapin Abhinorasaeth
President, Thai Automation and Robotics Association (TARA)

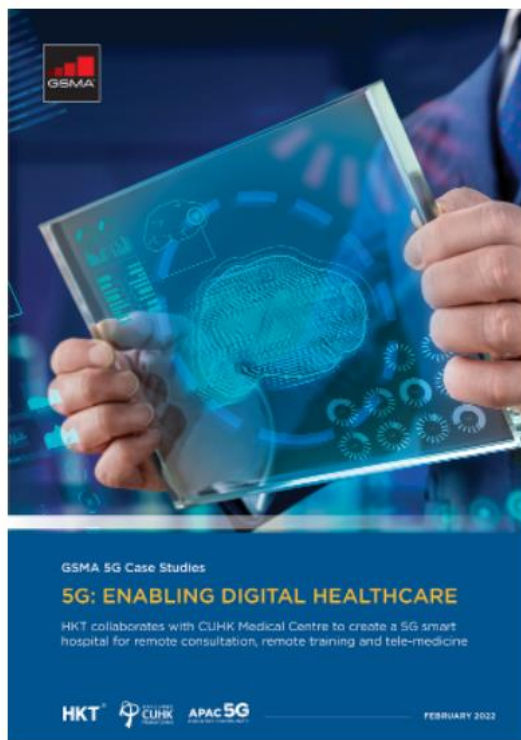

Contributor Member Spotlight – 5G Brings Autonomous Robots to Life by AIS, TARA and TASI

Contributor Member Spotlight – Secure and Responsive Connectivity for Manufacturing and Healthcare by True and Huawei

Member Spotlight – Enabling Digital Healthcare by HKT & CUHK Medical Centre
