

GSMA™

# Spectrum 2024

## Roadmap to Connectivity

Ross Bateson  
GSMA

# 6 GHz

- Harmonised

# 3.5 GHz

- Harmonised

# Low-bands

- Regionally harmonised
- Development path

Spectrum for **GROWTH**

Spectrum for **COMMUNITY**

Spectrum for **INDUSTRY**

Spectrum for the **PLANET**

LONGER licences

Lower PRICES

Better COVERAGE

Higher PRODUCTIVITY

GSMA™

Industry needs  
connectivity...

...does it need  
carve outs?

SPECTRUM for the benefit of billions

# SPECTRUM SAVES THE WORLD

A 100 MHz increase in mid-band spectrum can save 15 MTCO<sub>2</sub>e in a high-income country

... that's the equivalent of 50 million passengers flying from London to New York

# SPECTRUM

for the benefit of billions
