Business

5G Private Mobile Edge

Pick between Public or Private Mobile Edge Computing to enable new use cases that demand lower latency, reduced backhaul, and data localisation.

[REQUEST A CALLBACK >](#)

5G Wireless Lines

Leverage the turnkey 5G portfolio encompassing high performance 5G connectivity, 5G routers, backed by managed service expertise.

[REQUEST A CALLBACK >](#)

5G Private Campus

Adapt to your evolving connectivity needs to improve reliability and flexibility of your campus locations. Fulfill your demand of range, mobility, performance and more.

[REQUEST A CALLBACK >](#)

Get the 5G advantage through

10X
Promised Low-Latency
Promising latency as low as 5ms

10X
Connection Density
Efficient signalling for IoT Connectivity

10X
Heightened Throughput
More unified, multi-GBPS peak rates

100X
Network Efficiency
Augmenting network energy utilisation with resourceful processing

3X
Spectrum Efficiency
Achieving more bits per HZ using enhanced antenna techniques

100X
More Traffic Capacity
Operating network hyper-densification with smaller cells everywhere

 **e& UAE 5G-Advanced Roadmap**

e& UAE 5G-Advanced Roadmap

e& UAE is stepping towards 5G – Advanced with the Activation of Underlying Technologies (5G SA, 5G For Enterprise, Field Trials of High Speeds)

5G Standalone

- etisalat by e& has commercially launched 5G SA in UAE in 2023.
- New Service Based Architecture (SBA) based 5G Core has been deployed.

5G SA

5G SA VONR Slicing

NETWORKING | INFRASTRUCTURE | October 15, 2023 02:04 PM GST

etisalat by e&: 5G Stand Alone network now available for all mobile users in UAE

etisalat by e& has moved to the next stage of 5G, previously customers were using a 5G radio access network on an existing 4G LTE network

On Track Towards Industry 4.0

- Digital Transformation of IIoT using 5G network (Private and Hybrid) to address different use cases.
- Use cases Monetized: Video Surveillance, 5G Leased Line, 5G Edge, 5G Private Network, and 5G Campus.

Etisalat and Huawei Unveil 5G RedCap Services at GITEX 2023

News Desk - 18/10/2023

etisalat by e& UAE completes region's first 5G network trial for onshore drilling

© Monday, March 13, 2023 11:30 AM - 2 minutes Reading

Summary

ABU DHABI, 13th March, 2023 (WAM) -- etisalat by e UAE today announced the successful trial of 5G network capability covering multiple locations for an oil gas corporation with the highest standard of data security and digitalisation over a mobile network capable of delivering large amounts of data reliably

5G-A Initiatives

- 5G New spectrum initiatives (600M, 6GHz).
- 5G High Throughput Field Trials (13Gbps, 10Gbps).
- 5G AI/ML Management Platform.

NETWORK & TECHNOLOGY
