OPG #124 Meeting Minutes

Author:	Tom Van Pelt	Email:	tpelt@gsma.com
		Tel:	+32 479 23 28 46
Date:	21/02/2023	Time:	13:00 – 15:00 GMT
Subject:	OPG #124 Meeting Minutes		
Attendees:			
CK Hutchison <i>Chair</i>	Sandra Ondrusova	sandra.ondrusova@hwleurope.com	
Attendees	Deepak Gunjal	deepak.gunjal@altran.com	
	Roberto Jorge Hernandez Perez	roberto.hernandez@americamovil.com	
	Fabiola Lopez	fabiola.lopez@americamovil.com	
	Gao Chen	cheng96@chinaunicom.cn	
	Eddy Fung	Eddy.Fung@Dell.com	
	Vikram Barate	vikram.barate@gslab.com	
	Amit Wankhede	amit.wankhede@gslab.com	
	Uli Kleber	ulrich.kleber@huawei.com	
	JeongAhn Kwon	ja.kwon@kt.com	
	Sora Funayama	sora.funayama.ag@nttdocomo.com	
	Rida Zouaoui	rida.zouaoui@orange.com	
	Nishant Gupta	gnishant@qti.qualcomm.com	
	Vijay Sangameshwara	s.vijay@samsung.com	
	Jyrki Penttinen	jyrki.penttinen@syniverse.com	
	Fabrizio Moggio	fabrizio.moggio@telecomitalia.it	
	Napolitano Antonia	antonio.napolitano@telecomitalia.it	
	Mario Gonzalez del Campo Munoz	mario.gonzalezdelcampo@telefonica.com	
	Juan Jose Perez Encinas	juan jose.perezencinas@telefonica.com	
	Fernando Pascual Blanco	fernando.pascualblanco@telefonica.com	
	Miguel Alejandro Hernandez Armengol	miguelalejandro.hernandezarmengol@telefonica.com	
	Nataly Rojas	nataly.rojascalderon@telefonica.com	
	Mohamed Eldakrouy	mohamed.eldakrouy@telus.com	
	Lijuan Chen	chen.lijuan@zte.com.cn	
GSMA Attendees:	Tom Van Pelt Sandiya Suresh Kumar Mark Cornall	tpelt@gsma.com skumar@gsma.com mccornall@gsma.com	
Other Attendees:			

Absent / apologies:

ALL GSM ASSOCIATION MEETINGS ARE HELD IN ACCORDANCE WITH THE GSMA'S [ANTI-TRUST](#) AND IPR COMPLIANCE POLICY

Security Classification		
Non-Confidential	Project Team or Group	X

© GSMA, 2022. The GSM Association ("Association") makes no representation, warranty or undertaking (express or implied) with respect to and does not accept any responsibility for, and disclaims liability for the accuracy or completeness or timeliness of the information contained in this document. The information contained in this document may be subject to change without prior notice. This document has been classified according to the GSMA [Document Confidentiality Policy](#).

1. GSMA Antitrust Policy and Agenda

GSMA Anti-trust and US entity list statement were noted.

The agenda for the meeting was approved.

2. OPG#123 Meeting minutes

No comments were made.

Minutes of OPG#123 were approved.

3. Action Points

Action points were reviewed: action 123.01 can be closed because Sandra checked with Amit.

4. OPG.02 CR1004

No comments were raised in OPG's review of OPG.02 CR1004 and no comments were raised in the meeting. There were no objections against approving OPG.02 CR1004.

OPG.02 CR1004 is approved.

5. OPG.02 CR1004

No comments were raised in OPG's review of OPG.04 CR1002 and no comments were raised in the meeting. There were no objections against approving OPG.04 CR1002.

OPG.04 CR1002 is approved.

6. OPG releases

Tom presented the planning for the OP MWC Barcelona 23 release highlighting that the updates of the SBI-NR specification defining an API for IP address mapping

(OPG.03 CR1002 including the associated yaml) was still under OPG review for approval in OPG#125.

For the MWC Las Vegas 23 release a detailed plan was included in OPG_124_Doc_01 where work is now starting and the F2F meeting is coming up in March. People attending that meeting on site are requested to register on Infocentre. The proposed agenda for the F2F was introduced. No comments were raised against the F2F agenda.

7. OPAG next steps

Miguel presented OPG_124_Doc_05, a presentation on the proposed next steps in OPAG for the MWC Las Vegas release. Following comments were raised:

- How to handle federation (for NSaaS)? The idea would be to first cover the enablers required in for Slicing southbound. Federation could follow in a second stage, likely involving OPG to provide the requirements.
- How can an interested party join the NSaaS taskforce? First they should join OPAG if not a member already and then they should inform of their interest.
- People interested in this NSaaS taskforce or in some of the other activities OPAG is planning to take on should join OPAG and/or direct colleagues with API expertise to do so.

OPG_124_Doc_05 was noted

8. Maintenance

Sandra presented OPG_124_Doc_06, the first revision of the concept note CN0003 for the maintenance topics. Following comments were made:

- Other entities that OPG needs to communicate with e.g. NEF CHF might need to be included in the list of entities.
 - o Those were assumed to be properties of the Operator entity, but further study is needed
- It is recommended to first focus on the single operator case and only then expand to partner.
- Would aspects like having accepted Terms and Conditions for use of APIs (and partner APIs) be part of the Application Provider entity?
 - o That hasn't been studied yet as it is part of the properties for the entities.
 - o For the F2F meeting, all should think about the properties that each of the entities should support.
- What does the dotted line mean? Just an indication that there could be relations to multiple slices.

OPG_124_Doc_06 was noted.

9. Topic I - Enhanced Charging

Mario presented OPG_124_Doc_07, the first revision of the concept note CN0001 for the Enhanced Charging topic. Following comments were made:

- Tom pointed out that euro amounts should not be used in the discussion, even if it is clearly just for illustration purposes
- How to handle reporting of the same events by different elements, e.g. the core network and the OP? This is to be analysed per service. Also correlation of records should be considered.

- Some APIs may fall into multiple categories, e.g. edge computing may result in data traffic next to resource usage.
- Data traffic on different interfaces (EIN, UNI user plane, Internet) for edge computing should be considered as well.

OPG_124_Doc_07 was noted.

10. MVP

Vikram presented OPG_124_Doc_07, a proposal to select a reference application that could be served by the MVP. Following comments were made:

- Open source implementations such as openrtist could be considered
- An actual implementation may not be needed as the result of the MVP for OPG will be a document rather than an actual platform that would be provided by the MNO's suppliers. A use case with the analysis of its needs may thus be sufficient.
- This will be considered further in the F2F.

OPG_124_Doc_08 was noted.

11. AOB

OPG#125 will take place on 28st February.

Next F2F meetings planned:

- 13-14 March, hosted by GSMA in London UK
 - o Parties attending on site are requested to register for the meeting(s) that they intend to attend
- F2F for the MWC Barcelona 24 release:
 - o Dates: it was decided to hold the meeting on 16 to 19 October
 - o Hosts are invited to make their interest known

#124 Call closed at 14:45 GMT

Action points log

Open action points

Action number	Description	Status	Notes
OPG 117.03	Tom and Sandra to support Amit and Vikram with the development of section 1 of the MVP PRD	Open	
OPG 117.04	Deepak and Eddy to support Amit and Vikram with the development of section 2 of the MVP PRD	Open	
OPG 117.05	Mohamed, Junpei and Toshi to support Amit and Vikram with the development of section 3 of the MVP PRD	Open	
OPG 118.01	Alex and Cristina to support Amit and Vikram with the development of the section of the MVP PRD on the use case	Open	

Closed action points

Action number	Description	Status	Notes
OPG 123.01	Sandra to check with Amit on the status of the use case discussions with Cristina	Closed	Sandra checked with Amit. No feedback had been received from Cristina.

Decisions

OPG.124.01	OPG.02 CR1004 is approved
OPG.124.02	OPG.04 CR1002 is approved
OPG.124.03	OPG_124_Doc_05 (OPAG Next steps) is noted
OPG.123.04	OPG_124_Doc_06 (CN0003R1) is noted
OPG.123.05	OPG_123_Doc_07 (CN0001) is noted
OPG.124.06	OPG_124_Doc_08 (Reference application for MVP) is noted
