

You are invited!

Unlocking the Value of Digital Identity in a Hyper Connected World

*Thursday 26 September 2019
9.30 – 17.00*

*JW Marriott Kuala Lumpur
183 Jalan Bukit Bintang
55100, Kuala Lumpur
Malaysia*

Join us in this full-day conference which, organised in association with Malaysian Communications and Multimedia Commission (MCMC), will unveil how to create a sustainable digital identity framework. The latter, upon implementation, can play a pivotal role in a wide range of digital interactions between individuals and institutions, ensuring financial inclusion and effective governance. Also, it can positively impact countries' GDP by simply moving from paper based to digital identity.

Join us by registering to Mobile 360 Digital Societies
mobile360series.com/digital-societies/
