GSMA

Security Accreditation
Scheme

Scope of Certification

To be viewed as part of Security Accreditation Scheme Certificate No: SS-RT-UP-0321

Production Site: STMicroelectronics

Site Address: 190 Avenue Celestin Coq, ZI, Rousset, 13106 France

Supporting site(s) details:

The auditors were provided with appropriate evidence that the processes and controls on the audit dates were consistent with those required by the SAS-UP Standard v8.0 and the SAS Consolidated Security Requirements v2.0, with the following scope:

Generation of data for personalisation:	Not carried out at this site	Personalisation:	Wafer
Management of PKI certificates:	Not carried out at this site	Post-personalisation packaging:	Not carried out at this site

Notes & Exclusions: The site does not conduct wafer die packaging operations. Personalised wafers are delivered to a third-party for separation into individual dies and packaging onto reel tape. Added 24-04-20: Due to Covid-19 restrictions on physical facilities access, the site is temporarily managing some systems within SAS scope via remote access to maintain business continuity. Interested parties are invited to contact the site directly for more details.
