Scheme

# Scope of Certification

To be viewed as part of Security Accreditation Scheme Certificate No: ID-NA-UP-0123

**Production Site: Idemia Syscom India Private Limited**

**Site Address: Plot 60-61, NSEZ, Phase-II Dadri Road, Noida, India**

**Supporting site(s) details: Type: Management of PKI Certificates. Idemia France SAS, Avenue d'Helmstedt BP 90308, Vitré, 35503 Cedex, France. Expiry date: Jan 2022**

The auditors were provided with appropriate evidence that the processes and controls on the audit dates were consistent with those required by the SAS-UP Standard v9.0 and the SAS Consolidated Security Requirements v5.0, with the following scope:

<b>Generation of data for personalisation:</b>	eUICC*, UICC	<b>Personalisation:</b>	Card, Embedded
<b>Management of PKI certificates:</b>	Not carried out at this site	<b>Post-personalisation packaging:</b>	Not carried out at this site

\*Provisional certification expires August 2021

**Notes & Exclusions:** Due to the Covid-19 pandemic travel restrictions the audit was performed remotely in accordance with the GSMA SAS Covid-19 Audit and Certification Policy. An assessment of compliance with requirements that could not be audited fully remotely will need to be performed as part of a follow-up physical audit after Covid-19 related disruption to on-site SAS audits has ended.  
Generation of data for personalisation of eUICCs takes place using EUM certificates as part of the GSMA PKI that are managed by other Idemia sites. The scope of SAS-UP certification permits the receipt of PKI certificates and associated key pairs from other sites using controls demonstrated as part of the audit process, but does not permit Idemia Noida to apply for PKI certificates directly.
