Scope of Provisional Certification

To be viewed as part of Security Accreditation Scheme Certificate No: KN-LN-0820

Production Site: Kigen (UK) Limited

Site Address: Redhill Digital Reality Data Centre, Unit 3, St. Annes Boulevard, Foxboro Park, Redhill, Surrey, RH1 1AX

Supporting site(s) details: Type: Operations Centre.. Kigen (UK) Limited, 2nd Floor, City Quays 2, 7 Clarendon Rd, Belfast, BT1 3YD. Expiry date: August 2021

The auditors were provided with appropriate evidence that the processes and controls on the audit dates were consistent with those required by the SAS-UP Standard v9.0 and the SAS Consolidated Security Requirements v6.0, with the following scope:

Generation of data for personalisation:	eUICC, UICC	Personalisation:	Not carried out at this site
Management of PKI certificates:	GSMA PKI	Post-personalisation packaging:	Not carried out at this site

Notes & Exclusions: The data generation platform is physically located in a hosted data centre environment in Redhill, but is managed and monitored from Kigen's operations centre in Belfast. Added 30-03-20: Due to Covid-19 restrictions on physical facilities access, the site is temporarily managing some systems within SAS scope via remote access to maintain business continuity. Interested parties are invited to contact the site directly for more details.

Terms and Conditions of Temporary Extension

The following terms and conditions apply to the Temporary Extension Certificate:

1. This Temporary Extension Certificate is only valid for a period of 6 months. It cannot be extended. Any subsequent extension of the Certificate is at the sole discretion of the GSMA and requires a new temporary extension certificate issued by the GSMA.
2. The Temporary Extension is subject to the:
 - (i) SAS-UP Services Agreement between the GSMA and the Auditee (as amended);
 - (ii) FS.05 GSMA Security Accreditation Scheme for UICC Production - Methodology;
 - (iii) GSMA SAS Covid-19 Auditing and Certification Policy;
 - (iv) FS.05C19 SAS-UP Covid-19 Methodology Variations;
in force at the time.
3. The GSMA shall not be liable for any third party reliance on or claim in relation to the Temporary Extension Certificate and/or any associated matter. In the case of any alleged third party reliance on or claim against the Temporary Extension Certificate and/or any associated matter, the Auditee will fully and finally settle such matter (irrespective if brought against the Auditee or the GSMA and/or its Auditing Companies) from its own funds without any recourse to the GSMA or Auditing Companies.
4. The Temporary Extension is subject to:
 - (i) a satisfactory result of a Temporary Extension Assessment (TEA) as set out in the document FS.05C19 SAS-UP Covid-19 Methodology Variations in force at the time;
 - (ii) full and prompt payment of any Fees incurred for the TEA, as set out in Annex A of the SAS-UP Service Agreement, subject to the provisions in FS.05C19 SAS-UP Covid-19 Methodology Variations in force at the time. Payment must be received in full prior to the GSMA issuing the Temporary Extension Certificate.
5. The Auditee agrees to maintain its SAS-compliant controls during the period of the Temporary Extension Certificate at the primary certified site and any supporting sites identified on page two of this Temporary Extension Certificate.
6. While holding the Temporary Extension Certificate, the Auditee agrees to:
 - (i) notify GSMA of any major change to its SAS-UP certified controls or any known non-compliance with the SAS requirements at the aforesaid site(s);
 - (ii) at the request of the GSMA or appointed auditors, provide evidence (documents, photos, video, etc.) of compliance with SAS-UP requirements for remote review and assessment by any GSMA appointed auditors to validate continued SAS-UP compliance or remediation of non-compliances;
 - (iii) participate in associated conference calls with the GSMA appointed auditors and/or GSMA to support above reviews and validations.

The GSMA may withdraw the Temporary Extension Certificate if non-compliances with the SAS-UP are found and not remediated within such period as specified by the GSMA.
