GSMA

Security Accreditation
Scheme

Scope of Certification

To be viewed as part of Security Accreditation Scheme Certificate No: SS-RT-UP-0923

Production Site: STMicroelectronics

Site Address: 190 Avenue Celestin Coq, ZI, Rousset, 13106 France

Supporting site(s) details: Not applicable

The auditors were provided with appropriate evidence that the processes and controls on the audit dates were consistent with those required by the SAS-UP Standard v9.0 and the SAS Consolidated Security Requirements v7.0, with the following scope:

Generation of data for personalisation:	Not carried out at this site	Personalisation:	Wafer
Management of PKI certificates:	Not carried out at this site	Post-personalisation packaging:	Not carried out at this site

Notes & Exclusions: Due to ongoing Covid-19 restrictions on physical facilities access, the site is continuing to maintain the ability to manage some systems within SAS scope via remote access to ensure business continuity. Interested parties are invited to contact the site directly for more details. Due to the Covid-19 pandemic travel restrictions the audit was performed remotely in accordance with the GSMA SAS Covid-19 Audit and Certification Policy. An assessment of compliance with requirements that could not be audited fully remotely will need to be performed as part of a follow-up physical audit after Covid-19 related disruption to on-site SAS audits has ended.
