## **END GOAL**

### **KEY FACTORS**

#### SUSTAINABLE BUSINESS CASE

• Reenergize Business Model

#### **FOCUS**

Leadership

#### STAKEHOLDER TALENT

Closing Skill Gaps

#### **CHALLENGES**

**Key Factors** 

## **FOCUS AREAS IN LEADING TRANSFORMATION**

#1 INNOVATION

- GlobalConnect reinforces this strategy deep diving in the Wholesale Roaming Domain
- Shape a new narrative on the role of digital transformation in business.

#2 LEAD

Z

**(1)** 

0

 $\triangleright$ 

• Embrace the paradigm shift through Communication, Prioritisation and Leading.

#3 EMPOWERMENT

- Create frameworks to support new business approaches and actions.
- Promote strategies, activities, projects and collaborations between enterprises and organisations.
- Elastic upskilled digital workforce, talent-on-demand models.

#4 LIMITATIONS

- Africa is not yet fully equipped to embrace this disruptive technology.
- Integration of both BC and BCE regarded as a working solution
- TAP & BC/BCE will still co exist
- Not all MNOs are early adopters and adapters to this phenomenon.
