💡 Unaweza kuitumia kufanya nini?

“Unaweza kuitumia kuendelea kuwasiliana na familia na marafiki katika mji wowote au kijiji, soma habari za nyumbani na za kimataifa na huenda na wakati kwa watu maarufu au timu za michezo.”

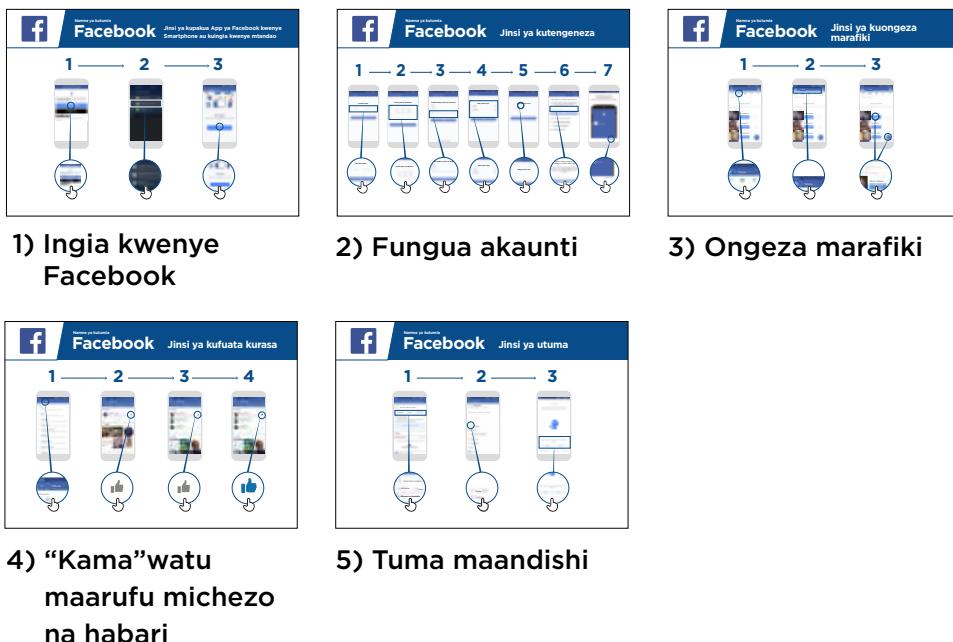

“Unaweza pia kutuma picha zako, video na mawazo yako kwa kila mtu, marafiki zako au marafiki zako wachache”

Fanya uhalisia kwa mwanafunzi: toa mifano na jadili jinsi inavyoweza kumfaidisha mwanafunzi katika maisha yake.

Kwa mfano: Kutuma picha kwa marafiki, kutafuta habari au kukuunganisha na watu wapya kwa biashara.

Msaide mwanafunzi kupakua Facebook na kusajili akaunti.

Waulize ni nini wanataka zaidi- kwa mfano. Jambo ambalo wanahitaji kujifunza, nafasi za kazi, michezo, burudani au biashara- na kuchunga muda ni jambo muhimu kwao.
