

# Terms of Reference for the GSMA Automotive Roundtable

## Purpose

Govern activities of the GSMA Fusion Automotive Community to advance global automotive connectivity, innovation, scalability, and standardisation.

## Objectives & Outcomes

- Support GSMA Fusion – Open Gateway and GSMA Connected Industries.
- Identify connectivity challenges and innovation barriers in automotive.
- Engage in GSMA groups, consultations, and workshops.
- Share best practices and gather enterprise requirements to inform standards.
- Develop and publish Statements of Requirements.
- Aim for Joint Statements of Requirements to drive interoperability and standardisation.

## Participation

Open to GSMA Members and non-Members with a legitimate automotive interest. Participants must:

- This Roundtable is a confidential meeting.
- Act in good faith and support the Roundtable's objectives.
- Comply with GSMA Antitrust Policy and legal requirements.
- Maintain confidentiality of shared information.
- Accept GSMA AA.35 Procedures for Industry Specifications.
- Acknowledge GSMA's right to remove participants at its discretion.
- Accept that GSMA has no liability for claims related to Roundtable's activities and information.
