KORE SVP of Connected Health, Americas

KORE

KORE Overview

The Only Pure-Play IoT Hyperscaler

- **Global IoT Hyperscaler** delivering innovative **Connectivity**, **Solutions**, **and Analytics** services
- **Trusted advisor**, enabling our customers to **Build**, **Deploy**, **Manage and Scale** their IoT solutions, a key technology for digital transformation
- Blue chip customer base including **Fortune 500 enterprises** and innovative solutions providers across high growth verticals

KORE | Connected Health KORE | Assets KORE | Fleet KORE | Communications Services KORE | Industrial

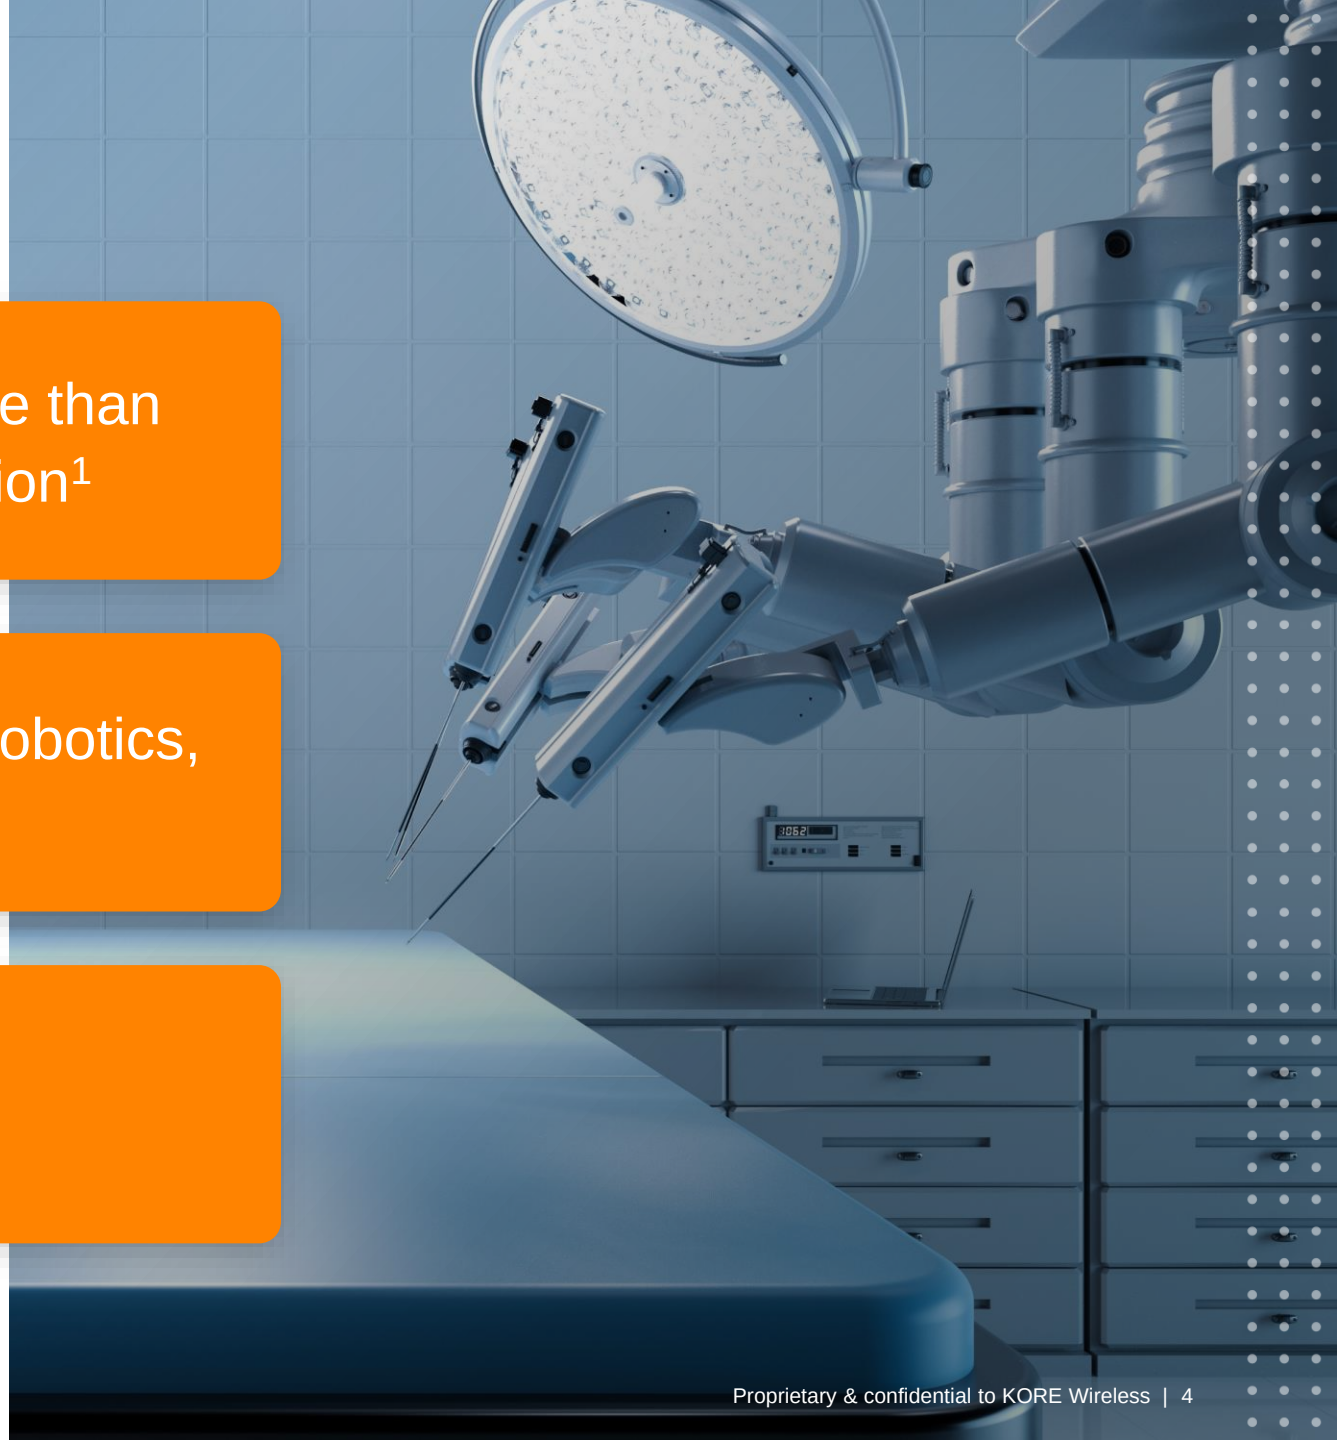

- **Public Company as of Oct. ’21**
- **18+ Million Devices Managed**
- **190+ Countries Covered**
- **600+ Employees**
- **Global Support**
- **12 Offices Around the World**
- **4,600+ Customers**
- **15+ Awards in the last 2 years**

Where is Connected Health Headed?

Market size: $187.6 billion by 2028, more than four times its worth in 2020 at $41.17 billion[1]

Applications span all areas, including robotics, diagnostics, treatment, and prevention

Remote patient monitoring has been estimated 70.6 million users by 2023[2]

1. Fortune Business Insights
2. Insider Intelligence

The Wide Distribution of **Medical Devices**

Patient

- Glucometer
- Blood pressure cuff
- Smart pill management
- Wearables

Clinicians

- Tablets
- Handheld devices
- Data from home monitoring systems

Hospitals

- Connected defibrillators
- Nebulizers
- Oxygen pumps
- Robotics
- Devices for asset tracking

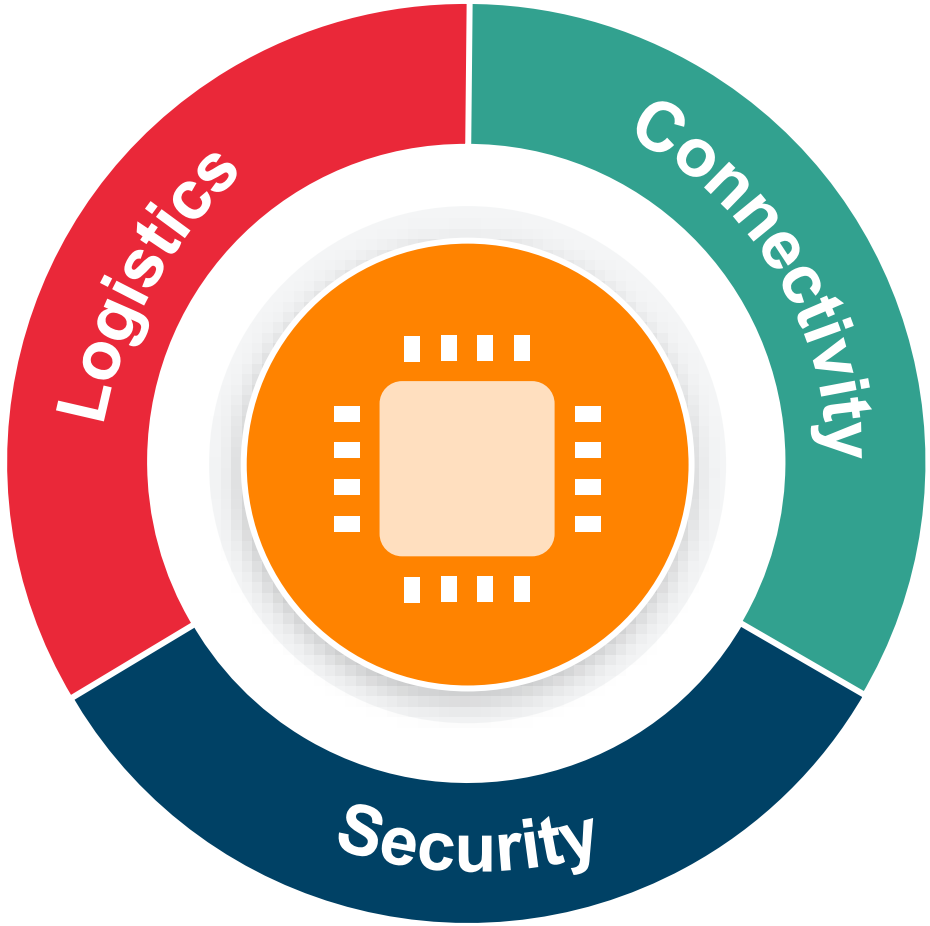

Providers

- Wearables
- Connected monitoring systems for claims validation

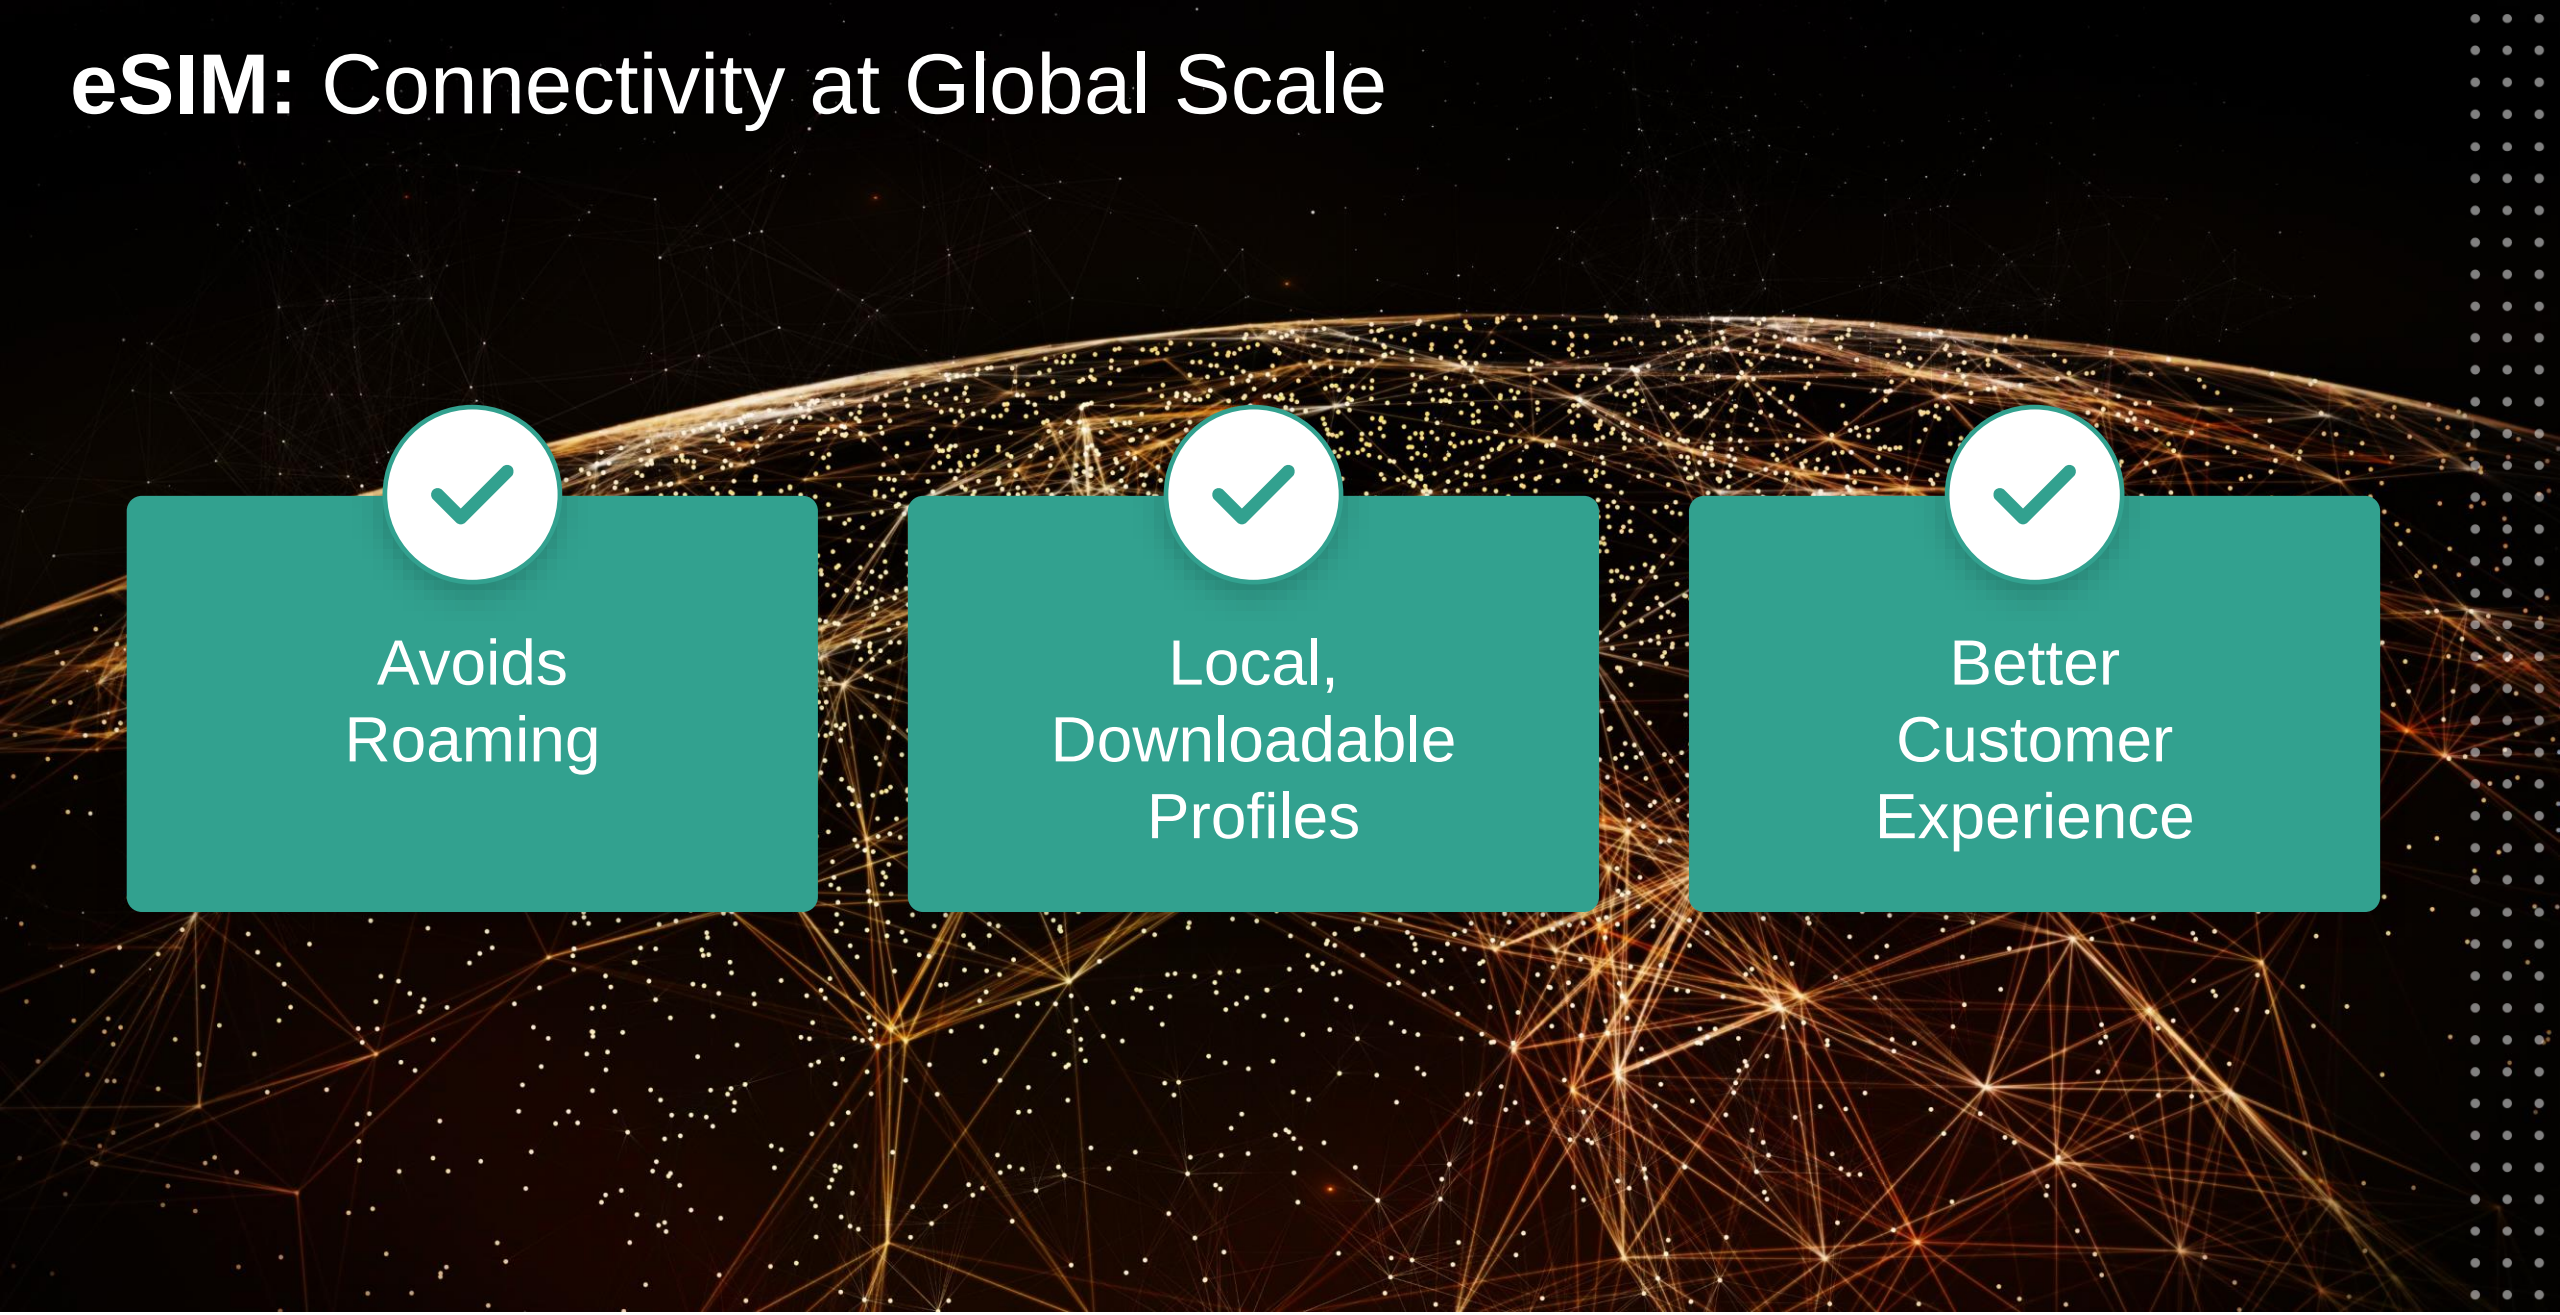

KORE

Medical Devices Everywhere: The OEM Dilemma

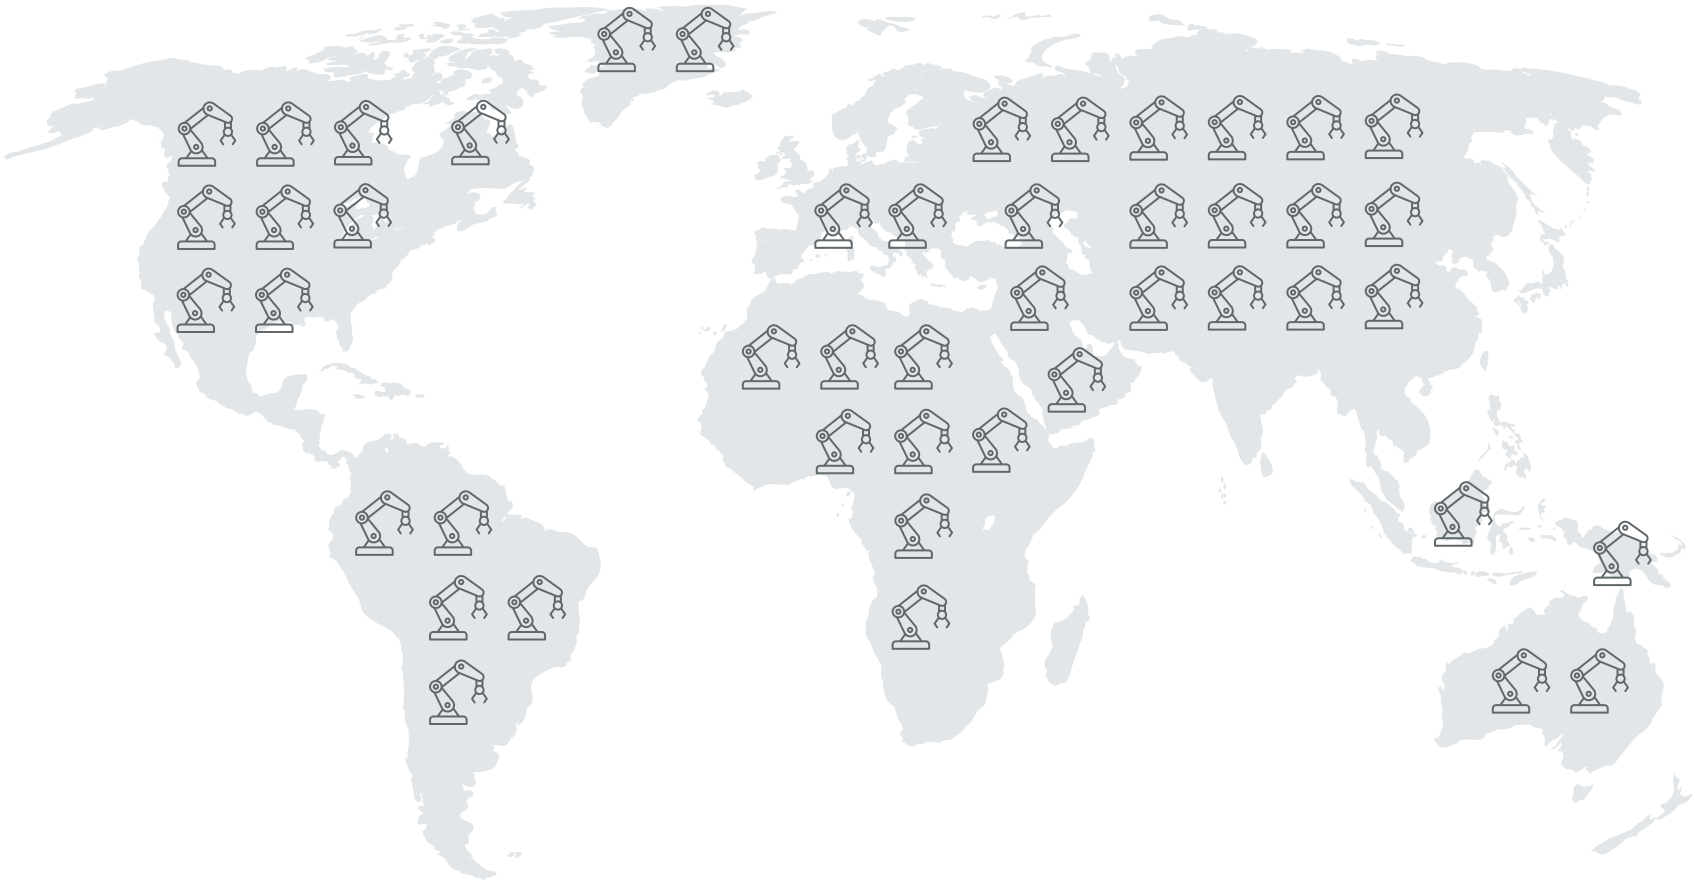

eSIM: Connectivity at Global Scale

- Avoids Roaming
- Local, Downloadable Profiles
- Better Customer Experience

Massive Scale with Zero-Touch Provisioning

- Agility
- Cost Savings
- Global Reach
- Scalability
- Customer-Centric

Igniting the New Dawn of IoT Adaption

- No Carrier Restrictions
- Seamless ‘Global’ Connectivity
- Advanced Device Design
- State-Of-The-Art Managed Services
- White-Glove Customer Experience
