TOYOTA

CONNECTIVITY DEVELOPMENT

THE 5G COVERAGE MOVES BUT ALSO SLICING, API, ...

Current Status:

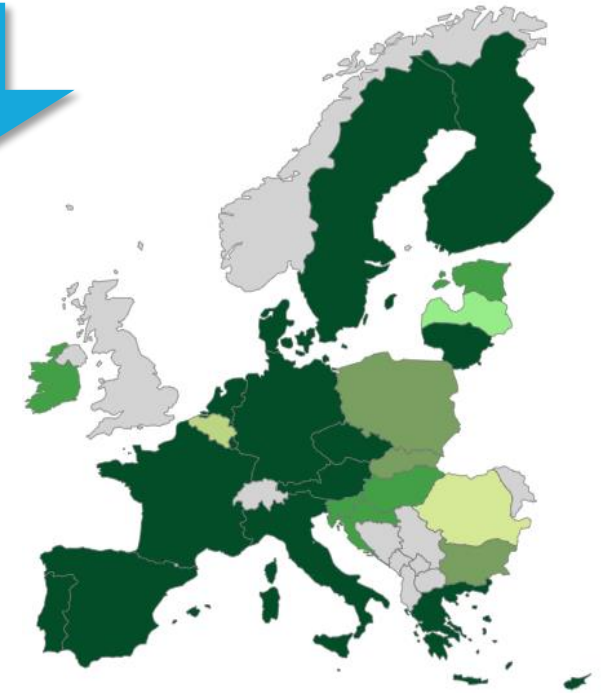

2024

Map: 5G coverage

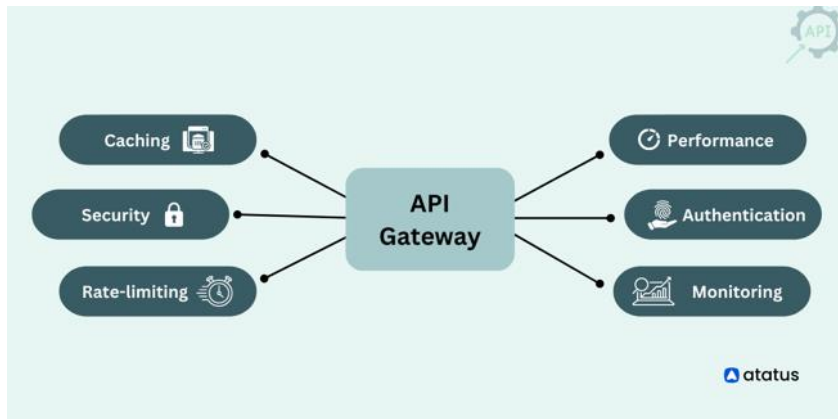

Darker green indicates higher coverage

≤20% ≥20% ≥40% ≥60% ≥80% 100%

89% 5G coverage of populated areas

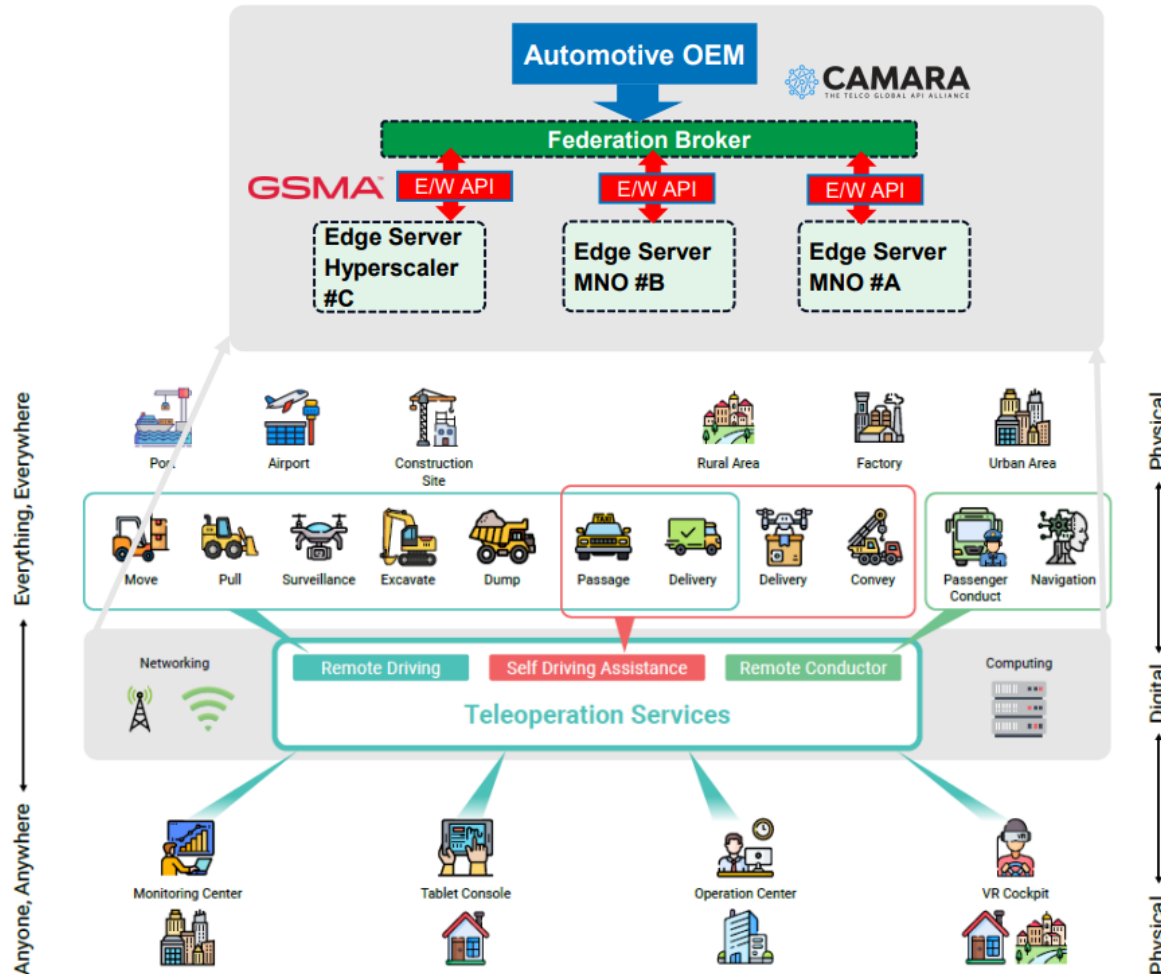

TOYOTA

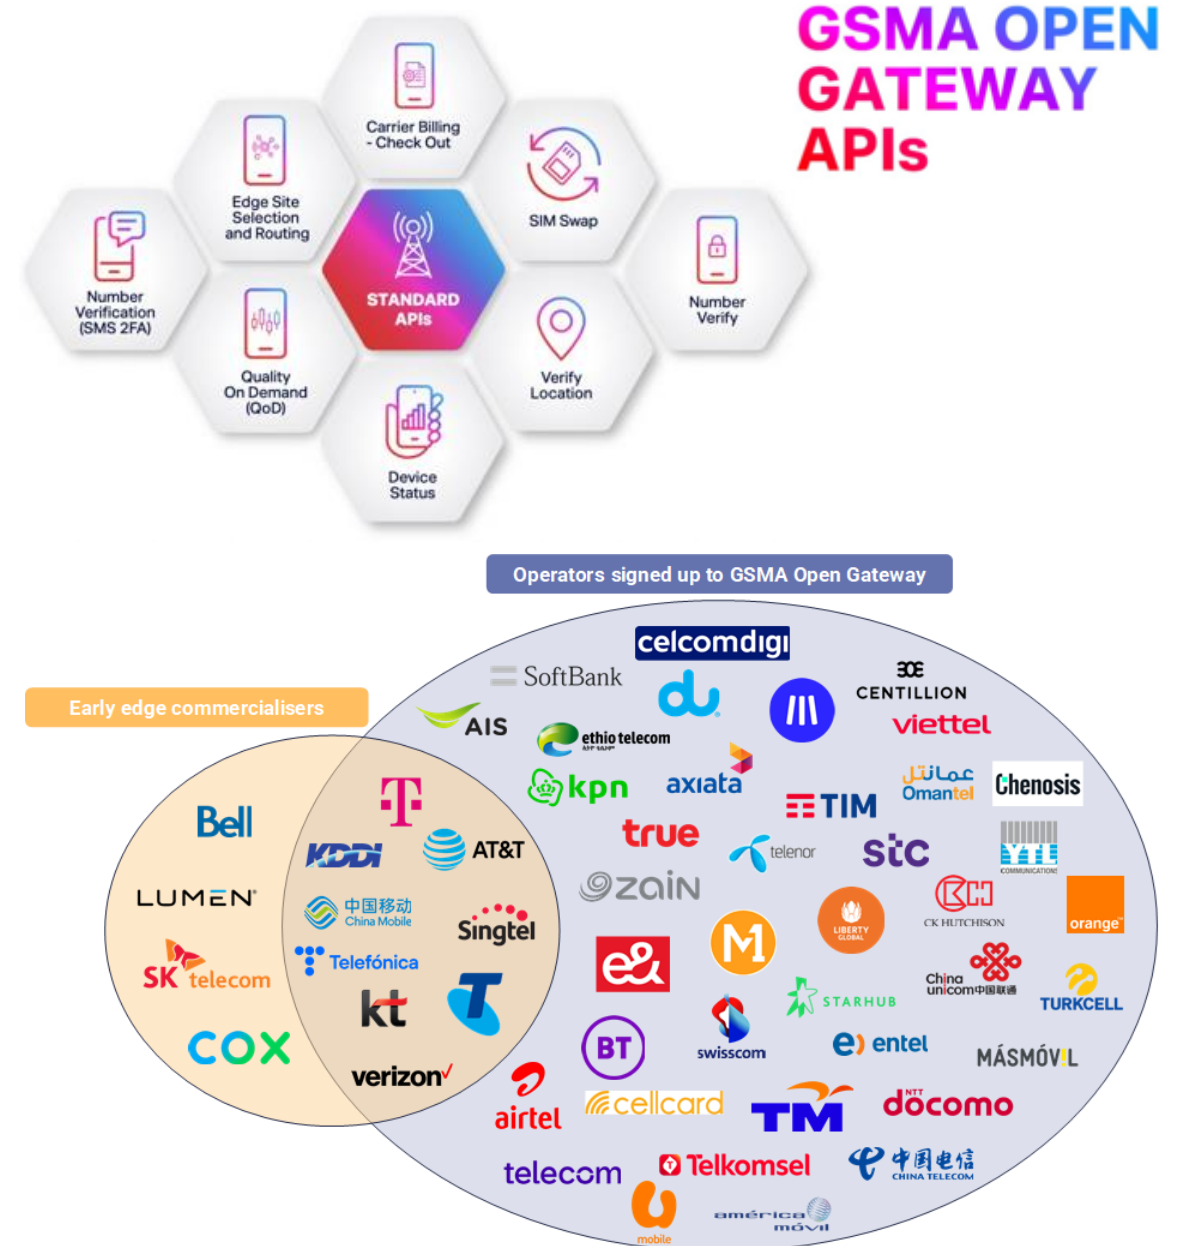

OPEN GATEWAY API

A MOVE TOWARDS FLEXIBILITY

GSMA Federation and CAMARA API and Teleoperation target, see AECC White Paper, figure 5"

TOYOTA

02 PRIORITIES

KEY FOCUS POINTS

RELIABILITY, SECURITY,
REAL TIME DATA ACCESS
AND USAGE

- Seamless & Reliable Communication
- Access real-time data and manage network services efficiently
- Flexibility for update of services
- Enhanced Security
- Rewards developers for creating innovative services

Finally, break into new markets and offer new services and functionality to customers.

03 MOVING AHEAD

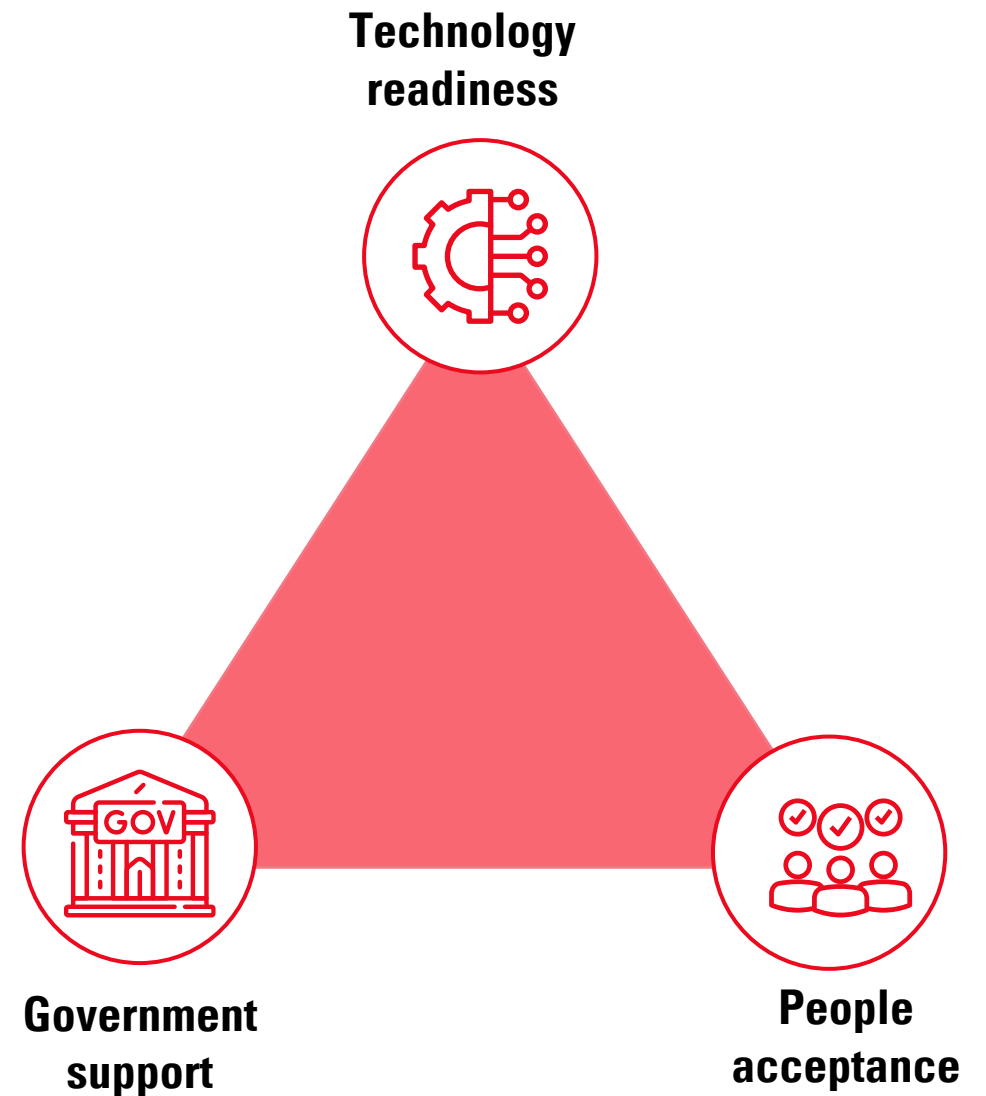

TOYOTA

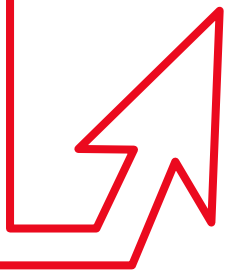

CHALLENGES

FOCUSING ON THE FOUNDATIONS ASPECTS

- 1. API Specifications
 - 2. Interoperability
 - 3. Security and Compliance
-
- 1. Regulatory support
 - 2. Collaborative efforts including all initiatives
 - 3. Securing buy-in from hyperscalers
-
- 1. Governance & Commercial Value
 - 2. Viable pricing models
 - 3. Geographic Distribution
 - 4. Consumer confidence

04 CONCLUSION

TOYOTA

“

Shoot for the moon.
Even if you miss, you'll land
among the stars.

— Oscar Wilde

CHALLENGES ARE NUMEROUS BUT EACH AND EVERY STEPS COUNTS

Let's

- **Join** forces to move and contribute to the people mobility transformation
- **Build** the best seamless mobility for all
- **Contribute** to all the technology challenges in front of us

THANK YOU
